# SAFETY DATA SHEET

## 1. Identification

| Product identifier                                     | ROBUSTO              |  |  |
|--|----------------------|--|--|
| Other means of identification                          |                      |  |  |
| SDS number   | 572N-75A             |  |  |
| Product code   | HIL00132             |  |  |
| Recommended use  | Neutral Cleaner      |  |  |
| Recommended restrictions                               | For Labeled Use Only |  |  |
| Manufacturer/Importer/Supplier/Distributor information |                      |  |  |
| Manufacturer   |                      |  |  |
| Company name   | HILLYARD INDUSTRIES  |  |  |
| Address  | 302 North Fourth St. |  |  |
|  | St. Joseph, MO 64501 |  |  |

| Contact person        | Regulatory Affairs  |
|-----------------------|---|
| Telephone number      | (816) 233-1321 (Ext. 8285)  |
| Fax                   | (816) 383-8485  |
| E-mail                | regulatoryaffairs@hillyard.com  |
| Emergency telephone # | (800) 424-9300  |
|                       | (Only in the event of chemical emergency involving a spill, leak, fire, exposure or accident involving chemicals) |

| 2. Hazard(s) identification                  |   |
|--|---|
| Physical hazards                             | Not classified.   |
| Health hazards                               | Not classified.   |
| Environmental hazards                        | Not classified.   |
| OSHA defined hazards                         | Not classified.   |
| Label elements                               |   |
| Hazard symbol                                | None.   |
| Signal word                                  | Caution   |
| Hazard statement                             | The mixture does not meet the criteria for classification.  |
| Precautionary statement                      |   |
| Prevention                                   | Avoid contact with eyes. Do not take internally.  |
| Response                                     | If in eyes, flush with water for 15 minutes. Get medical attention if irritation develops and persists.<br>Wash hands after handling.   |
| Storage                                      | Store away from incompatible materials.   |
| Disposal                                     | Buyer assumes all risk and liability associated with disposal of this product (original concentration or dilution) in violation of applicable law. Waste from normal use may be sewered to a public-owned treatment works in compliance with applicable federal, state and local requirements. CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer clean, dry container for recycling or reconditioning. |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.   |
| Supplemental information                     | None.   |

# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical name  | Common name and synonyms  | CAS number                         | %                      |  |
|--|---|------------------------------------|------------------------|--|
| Alcohols, C9-11, ethoxylated   | 68439-46-3  |                                    | 3 - < 5                |  |
| Other components below report  | able levels   |                                    | 90 - 100               |  |
| *Designates that a specific chemic   | al identity and/or percentage of composition has  | s been withheld as a trade sec     | ret.                   |  |
| 4. First-aid measures  |   |                                    |                        |  |
| Inhalation   | Move to fresh air. Call a physician if symptom  | s develop or persist.              |                        |  |
| Skin contact   | Wash off with soap and water. Get medical at  | tention if irritation develops and | d persists.            |  |
| Eye contact  | Rinse with water. Get medical attention if irritation develops and persists.  |                                    |                        |  |
| Ingestion  | Rinse mouth. Get medical attention if sympton   | ms occur.                          |                        |  |
| Most important<br>symptoms/effects, acute and<br>delayed                     | Direct contact with eyes may cause temporary irritation.  |                                    |                        |  |
| Indication of immediate<br>medical attention and special<br>treatment needed | Treat symptomatically.  |                                    |                        |  |
| General information  | Ensure that medical personnel are aware of the protect themselves.  | he material(s) involved, and tal   | ke precautions to      |  |
| 5. Fire-fighting measures  |   |                                    |                        |  |
| Suitable extinguishing media   | Water fog. Foam. Dry chemical powder. Carb  | on dioxide (CO2).                  |                        |  |
| Unsuitable extinguishing media   | Do not use water jet as an extinguisher, as this will spread the fire.  |                                    |                        |  |
| Specific hazards arising from the chemical                                   | During fire, gases hazardous to health may be   | e formed.                          |                        |  |
| Special protective equipment and precautions for firefighters                | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.                                       |                                    |                        |  |
| Fire fighting<br>equipment/instructions                                      | Move containers from fire area if you can do so without risk.   |                                    |                        |  |
| Specific methods   | Use standard firefighting procedures and consider the hazards of other involved materials.  |                                    |                        |  |
| General fire hazards   | No unusual fire or explosion hazards noted.   |                                    |                        |  |
| 6. Accidental release meas   | sures   |                                    |                        |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures    | Keep unnecessary personnel away. For perso  | onal protection, see section 8 c   | of the SDS.            |  |
| Methods and materials for containment and cleaning up                        | Large Spills: Stop the flow of material, if this is possible. Absorb in vermiculite, dry sand or earecovery, flush area with water. |                                    |                        |  |
|  | Small Spills: Wipe up with absorbent material remove residual contamination.  | (e.g. cloth, fleece). Clean surfa  | ace thoroughly to      |  |
| Environmental precautions  | Never return spills to original containers for re<br>Avoid discharge into drains, water courses or                                  |                                    | section 13 of the SDS. |  |
| 7. Handling and storage  |   |                                    |                        |  |
| Precautions for safe handling  | Avoid prolonged exposure. Observe good ind  | ustrial hygiene practices.         |                        |  |
| Conditions for safe storage,<br>including any incompatibilities              | Store in tightly closed container. Store away f<br>SDS).  |                                    | e Section 10 of the    |  |
| 8. Exposure controls/personal protection                                     |   |                                    |                        |  |
| Occupational exposure limits   | •   |                                    |                        |  |
|  |   |                                    |                        |  |

# The following constituents are the only constituents of the product which have a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

| Biological limit values | No biological exposure limits noted for the ingredient(s). |
|-------------------------|--|
| Appropriate engineering | General ventilation normally adequate.                     |
| controls                |  |

#### Individual protection measures, such as personal protective equipment

| Eye/face protection            | Avoid contact with eyes. Where splashing of concentrate is a concern, use protective glasses with side shield   |  |  |
|--------------------------------|---|--|--|
| Skin protection                |   |  |  |
| Hand protection                | Not normally needed.  |  |  |
| Other                          | Not normally needed.  |  |  |
| <b>Respiratory protection</b>  | No personal respiratory protective equipment normally required.   |  |  |
| Thermal hazards                | None known.   |  |  |
| General hygiene considerations | Always observe good personal hygiene measures, such as washing after handling the material<br>and before eating, drinking, and/or smoking. Routinely wash work clothing and protective<br>equipment to remove contaminants. |  |  |

# 9. Physical and chemical properties

| Appearance                                 | Clear, purple liquid  |
|--|---|
| Physical state                             | Liquid.   |
| Form                                       | Liquid.   |
| Color                                      | Purple  |
| Odor                                       | Lavender odor   |
| Odor threshold                             | Not available.  |
| рН   | 6.00 - 8.00   |
| Melting point/freezing point               | Not applicable / Not available  |
| Initial boiling point and boiling range    | 212 °F (100 °C)   |
| Flash point                                | > 200.0 °F (> 93.3 °C) Tag Closed Cup   |
| Evaporation rate                           | < 1 Ethyl ether = 1   |
| Flammability (solid, gas)                  | Not applicable.   |
| Upper/lower flammability or exp            | losive limits   |
| Explosive limit - lower (%)                | Not available.  |
| Explosive limit - upper (%)                | Not available.  |
| Vapor pressure                             | 17.64 mm Hg   |
| Vapor density                              | 0.631   |
| Relative density                           | 1.003   |
| Solubility(ies)                            |   |
| Solubility (water)                         | 100 % Complete  |
| Partition coefficient<br>(n-octanol/water) | Not available.  |
| Auto-ignition temperature                  | Not available.  |
| Decomposition temperature                  | Not available.  |
| Viscosity                                  | Not available.  |
| Other information                          |   |
| Density                                    | 8.35 lb/gal   |
| Explosive properties                       | Not explosive.  |
| Oxidizing properties                       | Not oxidizing.  |
| Percent volatile                           | 95 - 96 %   |
| VOC  | 0 %   |
| 10. Stability and reactivity               |   |
| Reactivity                                 | The product is stable and non-reactive under normal conditions of use, storage and transport. |
| Chemical stability                         | Material is stable under normal conditions.   |

| Chemical Stability                    |   |
|---------------------------------------|---|
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.   |
| Conditions to avoid                   | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials. |

| Incompatible materials              | Strong oxidizing agents.                       |
|-------------------------------------|--|
| Hazardous decomposition<br>products | No hazardous decomposition products are known. |

# 11. Toxicological information

#### Information on likely routes of exposure

| Inhalation   | Prolonged inhalation may be harmful. |   |                                  |  |
|--|--------------------------------------|---|----------------------------------|--|
| Skin contact   | No adverse ef                        | fects due to skin contact are expected.   |                                  |  |
| Eye contact  | Direct contact                       | Direct contact with eyes may cause temporary irritation.                                |                                  |  |
| Ingestion  | Expected to b                        | e a low ingestion hazard.   |                                  |  |
| Symptoms related to the physical, chemical and toxicological characteristics | Direct contact                       | with eyes may cause temporary irritation.   |                                  |  |
| Information on toxicological eff   | fects                                |   |                                  |  |
| Acute toxicity   | Not known.                           |   |                                  |  |
| Skin corrosion/irritation  | Prolonged ski                        | n contact may cause temporary irritation.   |                                  |  |
| Serious eye damage/eye irritation  | Direct contact                       | with eyes may cause temporary irritation.   |                                  |  |
| Respiratory or skin sensitizatio   | n                                    |   |                                  |  |
| Respiratory sensitization  | Not a respirate                      | •   |                                  |  |
| Skin sensitization   | -                                    | s not expected to cause skin sensitization.   |                                  |  |
| Germ cell mutagenicity   | mutagenic or                         | -   | present at greater than 0.1% are |  |
| Carcinogenicity  | Not classifiabl                      | e as to carcinogenicity to humans.  |                                  |  |
| IARC Monographs. Overall   | Evaluation of C                      | arcinogenicity  |                                  |  |
| Not listed.<br>OSHA Specifically Regulate                                    | ed Substances (                      | 29 CFR 1910.1001-1052)  |                                  |  |

## 13. Disposal considerations

| Disposal instructions                    | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Buyer<br>assumes all risk and liability associated with disposal of this product (original concentration or<br>dilution) in violation of applicable law.   |
|--|---|
| Local disposal regulations               | Dispose in accordance with all applicable regulations.  |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.  |
| Waste from residues / unused<br>products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). Waste from normal product use may be sewered to a public owned treatment works (POTW) in compliance with applicable Federal, State, and local pretreatment requirements. |
| Contaminated packaging                   | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal. Triple rinse (or equivalent). Then offer clean, dry container for recycling or reconditioning.   |

#### 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### IATA

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and

the IBC Code

#### 15. Regulatory information

#### **US** federal regulations

tions All components are on the U.S. EPA TSCA Inventory List.

## TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated. CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

SARA 304 Emergency release notification

Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)

Not regulated.

#### Superfund Amendments and Reauthorization Act of 1986 (SARA)

#### SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous No chemical

SARA 313 (TRI reporting) Not regulated.

## Other federal regulations

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated.

(SDWA)

#### **US state regulations**

#### **California Proposition 65**

California Safe Drinking Water and Toxic Enforcement Act of 2016 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins. For more information go to www.P65Warnings.ca.gov.

#### International Inventories

| Country(s) or region        | Inventory name                                | On inventory (yes/no)* |
|-----------------------------|---|------------------------|
| Canada                      | Domestic Substances List (DSL)                | No                     |
| Canada                      | Non-Domestic Substances List (NDSL)           | No                     |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
